Candidate Report:

General:	<p>Ajmal performed extremely well throughout the assessment day displaying intellect, maturity and an unusual amount of gravitas for somebody at this early stage of their career.</p> <p>He does need to be more focussed upon which career path to pursue as he is unsure what he wants to do in the future.</p> <p>Overall an excellent performance and we are confident that Ajmal will be successful and an asset to any future employer.</p>
Written exercise:	<p>Next Prime Minister</p> <p>Interesting how much detail and information was included in this paper. It was well written, structured, and presented in a coherent manner. A couple of minor spelling errors did not detract from a solid piece of work.</p> <p>A</p>
